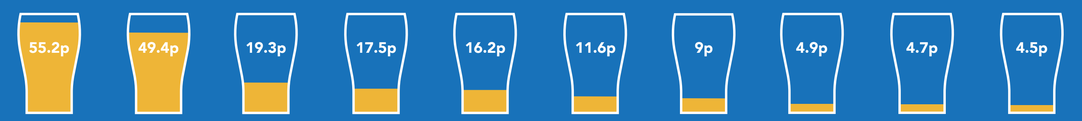
There is no better place to watch the World Cup than the pub. Yet, whoever wins, there is one clear result: fans in the UK are missing out.

We pay some of the highest rates of beer duty in the world - more than almost every other country in the competition. Support our campaign to bring duty down at **beerandpub.com**.

BEER DUTY ON A PINT

Scotland, hosts and previous winners



TAX

The UK pays x12 more tax than Germany and Spain

Duty in Scotland (and England) is among the highest in the competition
